

# Telescopic Gate Conveyor

**Automatic operations with build-in safety features. Wide walkway with smooth transfer of boards in short cycle time. Walkway in normally open position. Suitable for long lines for quick and easy access to the other side of the line.**

Machine Specification	
Model:	BC2001
Machine External Dim. (mm)	Lg 800 x W800 x Ht 1010 in retractable position.
PCB max/min. size (mm)	Lg. 500 x W320mm . / Min. Lg 50 x W50mm
PCB transfer height	910+/-25mm
Max walkway width	800mm
Safety	Reflective sensor and anti clinch swiich plate.
Cycle time	less than 10 secs.
Controls	PLC
Light Tower	Option.
Interfacing	SNEMA
Machine colour (Standard)	Powder coated rough surface finish light grey code 9174
Power (Kva)	220Vac/1 phase or 110V/1 phse. (500KVA)
Options:	Other size available on request.
	When ordering please specify flow direction and rail fix position.
